Menues

You will get a different menu depending on your selection.

While holding the right mouse button, move your cursor in the cardinal directions to navigate in the menues.

Empty circles indicate more options, which will appear when hovered over.

Filled circles are options. Release the right mouse button while hovering over to send the specified Command to all Units or Buildings it applies to.

While over a production counter, go to the up arrow to increase by one and to the down arrow to decrease by one.

Scrolling while over the production number or either arrows will increase/decrease as well.

3 |2 |3 |6

resource cost is shown by the side. If you cannot increase, then you don't have enough resources.

release over the number or the arrows to apply.
